CENTRAL EXCISE COLLECTORATE, ALLAHABAD

ORDER IN ORIGINAL NO. 3 OF 1959

Passed by Shri S. C. Mathur, I.R.S. Collector of Customs and Central Excise, Allahabad.

Allahabad, the 15th December, 1959.

S.O. 2826.—This copy is granted free of charge for the private use of the person to whom it is issued.

2. Any person deeming himself aggrieved by this order may appeal against it to the Central Board of Revenue within three months of the date of the receipt

of this order. The appeal should bear a court fee stamp of Rs. 4/- (Rs. four) only and must be accompanied by this order or a copy of it. If a copy is furnished, it should bear a court fee stamp of 50 Naya Paisa.

Brief facts of the case.—Pursuant to an information, which alleged that a suspected smuggler carrying smuggled wrist watches had arrived at Allahabad to dispose them off, Shri M. P. Agrawal, Dy. Supdt. (P & I) of Customs and Central Excise, Allahabad alongwith his party, kept a close watch and apprehended one Shri Hira Lal Arora on Leader Road, Allahabad on the 6th July, 1958 as he closely answered the description of the person given in the information report, and was also found in possession of wrist watches. Shri Hira Lal Arora was brought to the office of the Assistant Collector of Customs and Central Excise, Allahabad where, on search of his person, in the presence of a First Class Magistrate and three independent witnesses, 31 wrist watches of foreign made were recovered from his possession. Shri Hira Lal, on being interrogated, could not give any satisfactory explanation, nor could he produce any documentary evidence, such as cash memo or voucher etc., to show lawful origin of the wrist watches so recovered. He could not even disclose the names and addresses of the parties from whom he had obtained these watches. Further, during course of search of his person, four letters indicating his intimate association with the smuggling of watches, were also recovered. In the circumstances, the said 31 wrist watches were seized by the aforesaid Dy. Superintendent for infringement of Customs Laws.

Shri Hira Lal Arora was then called upon, under this office C. No. 229-Prev/VIII-Watch/58/293 dated the 28th January, 1959 to show cause why the aforesaid seized watches should not be confiscated to the Union Govt. under Section 5(3) and 7(i) (c) of the Land Customs Act, 1924 read with Section 167(8) of the Sea Customs Act, 1878 and why a penalty should not be imposed upon him under Section 7(i)(c) of the Land Customs Act, 1924 and Section 167(8) of the Sea Customs Act, 1878 for contravention of Section 5(i) and 7(i)(c) of the Land Customs Act, 1924 and Section 3 of the Import/Export Control Act, 1947 read with Section 19 of the Sea Customs Act, 1878 as made applicable thereto by Section 3(2) of the aforesaid Import/Export Control Act.

The aforesaid show cause notice was, however, returned undelivered by the postal authorities of Agra as the party was not found traceable at the address given by him at the time of seizure. Efforts were also made for delivery of the notice by personal service through local staff of the Superintendent of Customs and Central Excise, Agra, but it was confirmed that the party was not available at the given address. The show cause notice was then published in Govt. of India's Gazette dated the 17th October, 1959 at page 2918 in Part II Section 3, Sub Section (ii) for final notice to the party who was asked therein to submit his defence reply within thirty days of the publication of the notice in the Gazette.

Discussion.—The period of one month granted to the party for submission of his reply expired on the 16th November, 1959 but nothing was heard from Shri Hira Lal till 2nd December, 1959. It is, therefore, evident that the party in this case, gave a fictitious address to escape the process of Law.

The complicity of Shri Hira Lal in the offence of smuggling of watches is indicated beyond doubt through the contents of the four letters recovered from his possession at the time of search of his person. Shri Hira Lal's inability to produce any evidence to show the lawful origin of the seized watches, has further confirmed that the seized watches are of smuggled origin. Shri Hira Lal Arora is thus a person concerned in the offence of importation of smuggled watches. It inevitably follows that Shri Hiralal Arora was in possession of smuggled watches which have been imported into India in contravention of section 5(i) of the Land Customs Act, 1924 and clause 3 of the Govt. of India, Ministry of Commerce and Industry, Imports Control Order No. 17/55 dated the 5th December, 1955 read with Section 19 of the Sea Customs Act, 1878.

Shri Hira Lal Arora is, therefore, liable to imposition of personal penalty and the seized watches are liable to absolute confiscation under section 7(i) (c) of the Land Customs Act, 1924 and Section 167(8) of the Sea Customs Act, 1878 read with Section 3(2) of the Import/Export Control Act, 1947.

Order.—I, therefore, order the absolute confiscation of the aforesaid 31 wrist watches to the Union Govt., under section 7(i) (c) of the Land Customs Act, 1924 and section 167(8) of the Sea Customs Act.

2. As regards the imposition of personal penalty, since the person concerned is not traceable, it is little use my ordering any penalty.

MINISTRY OF COMMERCE AND INDUSTRY

Bombay, the 5th December 1959

S.O. 2327.—In exercise of the powers conferred by sub-clause (1) of clause (5) read with item (a) of Clause 17 of the Cotton Control Order, 1955 and of all other powers enabling me in this behalf, I hereby make the following order:—

The maximum quantity of Indian cotton which a manufacturer may either buy or have in his possession at any time shall not exceed his requirements for consumption of Indian cotton for a period of 3 months and in any event it shall not exceed 3 times the maximum quantity of Indian cotton consumed by him in any one calendar month during the period 1st September, 1958 to 31st August, 1959.

Provided, however, that if a manufacturer has already bought or was in possession of, as on the 5th December, 1959, a quantity of Indian cotton in excess of the quantities specified above, he may continue to possess such quantity but he shall neither buy nor possess any additional quantities of Indian cotton so as to exceed the maximum quantities specified above.

Provided further that manufacturer who either bought or had in his possession on 1st December, 1959, quantity of Indian cotton in excess of one third the quantity of Indian cotton consumed by him during the period 1st September, 1958 to 31st August, 1959, shall give information to the Textile Commissioner before the 15th December, 1959, in Form 'E', in respect of the entire quantity of Indian cotton in his possession or bought by him as on the said date.

Sd. D. S. JOSHI, Textile Commissioner.

S.O. 2850.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Dhanbad, in the matter of an application under section 33A of the said Act from Shri Fursat Bhar, Miner, Bhagaband Colliery.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, DHANBAD

APPLICATION No. 11 of 1959

ARISING OUT OF REFERENCE No. 20 of 1959

In the matter of a complaint under Section 33A of the Industrial Disputes Act, 1947 (XIV of 1947)

PARTIES:

Shri Fursat Bhar, Miner of Bhagaband Colliery, P.O. Bhagaband, c/o Colliery Mazdoor Sangh, Opp. State Bank of India, Dhanbad—*Complainant*.

Vs.

The management of Bhagaband Colliery, P.O. Bhagaband, Dist. Dhanbad—*Opp. party*.

Dhanbad, dated the 30th November 1959

PRESENT:

Shri Salim M. Merchant, B.A., LL.B., Presiding Officer

APPEARANCES:

For the Complainant:

Shri S. Das Gupta, Secretary, Colliery Mazdoor Sangh, Dhanbad.

For the Opposite Party:

Shri S. S. Mukherjee, Advocate, with Shri J. L. Sinha, Group Personnel Officer.

STATE: BIHAR.

INDUSTRY: COAL.

AWARD

This is a complaint purporting to be under Section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), against the dismissal of the complainant by the opposite party's letter dated 24th September 1959 for the alleged misconduct, under para 27(5) of the Company's standing orders, of riotous and disorderly behaviour on 14th July 1959, when he is alleged to have threatened Shri P. K. Chatterjee, Engineer of the company and also of having attempted to assault him.

2. A preliminary objection has been raised by the opposite party with regard to the maintainability of this complaint. The management's contention is that there has been no violation of Section 33 of the Act by it. At the hearing, it was conceded by Shri S. Das Gupta appearing for the complainant, that the misconduct was not connected with the industrial dispute—Reference No. 20 of 1959 now pending before the Tribunal in which both the complainant and the opposite party are parties. Thus it is admitted that there has been no violation of Section 33(1)(a) and (b) of the Act. Shri Das Gupta's case was that there has been a violation of the proviso to clause (b) of Sub-section (2) of Section 33 of the Act, in as much as the management had not paid to the complainant one month's wages as provided therein. It is, however, admitted that the management has filed the necessary application under Section 33(2)(b) of the Act for the approval of the Tribunal of its action in dismissing the complainant. The management stated that the complainant had been offered one month's wages and his other legal dues when the notice of dismissal of 24th September 1959 was served upon him, but that he had refused to accept the same. The management in its application which it has filed under Section 33(2)(b) of the Act, being Application No. 10 of 1959, has averred that the management had offered him a month's wages which he had refused to accept and there is no denial of that in the Union's rejoinder to that application. The ground that the dismissal was in violation of Section 33(2)(b) because the complainant was not paid one month's wages has not even been mentioned in this complaint. At the hearing, both parties suggested that I should question the complainant whether he had been offered one month's wages as provided for by the proviso to Section 33(2)(b) when the dismissal order was served upon him, and when I questioned the complainant in court in the presence of both the parties, he admitted that one month's wages had been offered to him but that he had refused to accept the same. Thus, the only ground on which this complaint is sought to be maintained, is not established. The union has, therefore, not been able to establish that there has been any violation of the provisions of Section 33(2)(b) of the Act by the Opposite party. The complaint is therefore, not maintainable and is dismissed as such.

3. No order as to costs.

AWARD

The Government of India, Ministry of Labour & Employment, by Order No. LR.II-1(99)/58 dated 30th April 1959, made in exercise of the powers conferred by clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act 1947 was pleased to refer the industrial dispute between the parties above named in respect of the matters specified in the following schedule to the said order:—

SCHEDULE

“Whether doctors employed in Bhowra, Amlabad and Pootki Collieries of the Bhowra Kankanee Collieries Ltd., should be granted paid festival holidays after taking into account the recommendations contained in para 829 of the Award of the All India Industrial Tribunal (Colliery Disputes) in regard to workmen in the collieries and if so, which should be such holidays?”

2. This dispute is raised on behalf of five doctors employed in the Bhowra, Amlabad and Pootki collieries (hereinafter referred to as the collieries) of the Bhowra Kankanee Collieries Limited (hereinafter referred to as the Management), and the demand is that they should be granted seven paid festival holidays which the other workmen of these collieries are enjoying under the Award of the All India Industrial Tribunal (Colliery Disputes), hereinafter referred to as the Majumdar Award. Under para 829 of its Award, the Majumdar Tribunal allowed seven paid holidays and directed that of these seven holidays, Republic Day (26th January), Independence Day (15th August) and Mathatma Gandhiji's Birthday (2nd October) should be observed as uniform holidays without any option to the parties, but the remaining four holidays should be fixed by mutual agreement between the parties, to allow for variations in local conditions.

3. Before the Majumdar Tribunal, it was urged by the workmen that doctors employed in collieries were workmen as defined by Section 2(s) of the Industrial Disputes Act 1947 (XIV of 1947) (hereinafter referred to as the Act). By para 564 of its Award, the Majumdar Tribunal rejected this contention and held that a doctor was not a workman as defined by Section 2(s) of the Act, as it then stood, as he was mainly engaged to treat patients and not to write registers or walk to the villages for any purpose other than the one of discharging his duties as a doctor.

4. Since the date of the Majumdar Award, the definition of the term 'workman' under Section 2(s) of the Act has undergone a change by the Industrial Disputes (Amendment and Miscellaneous Provisions) Act 1956 (36 of 1956). For the

purposes of appreciating the legal contention advanced by the employers, it is necessary to consider this amendment. I, therefore, reproduce the definition of the term 'workman' as appearing in Section 2(s) of the Act before and subsequent to its amendment.—The term 'workman' as defined by Section 2(s) before amendment was as follows:—

"2(s) 'workman' means any person employed (including an apprentice) in any industry to do any skilled or unskilled manual or clerical work for hire or reward and includes for the purposes of any proceedings under this Act, in relation to an industrial dispute a workman discharged during that dispute, but does not include any person employed in the Naval, Military or Air service of the Government."

The definition of the term 'workman' after amendment of Section 2(s) of the Industrial Disputes (Amendment and Miscellaneous Provisions) Act 1956, is as follows:—

"2(s) 'workman' means any person (including an apprentice) employed in any industry to do any skilled or unskilled manual, supervisory, technical or clerical work for hire or reward, whether the terms of employment be expressed or implied, and for the purposes of any proceeding under this Act in relation to an industrial dispute, includes any such person who has been dismissed, discharged or retrenched in connection with, or as a consequence of that dispute, or whose dismissal, discharge or retrenchment has led to that dispute; but does not include any person—

- (i) who is subject to the Army Act 1950 or the Air Force Act 1950 or the Navy (Discipline) Act 1934 or;
- (ii) who is employed in the police service or as an officer or other employee of a prison; or
- (iii) who is employed mainly in a managerial or administrative capacity; or
- (iv) who, being employed in a supervisory capacity, draws wages exceeding five hundred per mensem or exercises, either by the nature of the duties attached to the office or by reason of the powers vested in him, functions mainly of a managerial nature."

5. I may state that the duties performed by the doctors in these collieries according to the union are those stated in a statement filed by the workmen (Exhibit W-A). The management has accepted that statement except to a minor duty regarding the maintenance and writing of maternity records and payment of maternity benefits.

6. The management in its written statement has raised a preliminary objection as to jurisdiction. It contends that doctors are not workmen as defined by Section 2(s) of the Act and this dispute is therefore not an industrial dispute as defined by Section 2(k) of the Act and this Tribunal has no jurisdiction to entertain this dispute. The union, on the other hand, contends that doctors in this colliery are workmen as they do 'technical', as also manual, clerical and supervisory work. It is now well settled that doctor's main duty is neither clerical nor manual. The Allahabad High Court (Justice Sri R. Dayal and Justice Shri R. Bhargava) in the case of Laxmi Devi Sugar Mills Ltd., and State of Uttar Pradesh and others (1955-II-L.L.J.p.1) while considering the definition of the term 'workman' under the Uttar Pradesh Industrial Disputes Act, 1947 (28 of 1947), which is in identical terms with the definition of the term 'workman' contained in Section 2(s) of the Industrial Disputes Act 1947 before its amendment, held that doctor's main work was neither clerical nor manual, but only incidental to carrying out his main duties. Their Lordships observed:—

"His (doctor's) main work is to observe the patient, to hear his complaints, to diagnose his disease with the experience and knowledge of his command and then to prescribe medicine which he considers best for the patients. We do not, therefore, consider that the doctor... answers the definition of 'workman'."

7. Now, both the decision of the Majumdar Tribunal and of the Allahabad High Court dealt with the definition of the term "workman" as contained in Section 2(s) of the Act before its amendment, by the Industrial Disputes (Amendment and Miscellaneous Provisions) Act, 1956. The definition of the term 'workman' after

the amending Act of 1956 has been considerably widened, as it now includes not only persons who do clerical and manual work but also those who do 'technical' and 'supervisor' work for hire or reward. Under the definition persons employed in a supervisory capacity drawing wages of more than Rs. 500/- per month are not 'workman'. It is admitted that none of these five doctors are drawing salary exceeding Rs 500 per month.

8. Shri D. L. Sen Gupta, the learned Advocate for the union has argued that the doctors are 'workmen' as defined by the amended section 2(s) of the Act in as much as their main duties are 'technical' and or 'supervisory'. I may state that there is not sufficient evidence to justify the union's claim that these 5 doctors mainly do supervisory work. From the list of duties of these doctors, it is clear that the supervisory work they do is of a minor character and incidental to their main duties as doctors.

9. The question therefore that remains for consideration is whether these doctors are mainly doing 'technical' work. Now, the term technical has not been defined in the Act. We must therefore turn to the ordinary meaning of the word 'technical'. The word 'technical' has been defined by the Concise Oxford Dictionary as, "of or in a particular art, science, handicraft etc." The Webster's New Twentieth Century Dictionary of the English language (1951 edition) defines the word 'technical' as, "of or pertaining to the mechanical arts or to any particular art science, profession, handicraft, business or the like (2) specially characteristics of or used in any particular art industry etc." The same dictionary defines a Physician as "a person skilled in the art of healing; one whose profession is to prescribe remedies for disease. In a narrow sense, a physician's duty is to prescribe remedies, not to perform operations, but many physicians are surgeons." The term 'technician' is defined in the same dictionary as, "anyone proficient or expert in technical detail; usually one versed in the technicalities of some subject, trade, profession or art."

10. Bearing in mind these definitions, I am inclined to the opinion that as a doctor's main duties involve the practice of the science of medicine, his work is covered by the term 'technical'. A doctor is proficient or expert in the technical detail of the science of medicine and in that sense he is doing technical work.

11. In fact, Shri S. S. Mukherjee, the learned Advocate for the management, when the dictionary meaning of the term 'technical' was referred to at the hearing, did not seriously oppose the contention that a doctor's work is 'technical' but his main contention was that a doctor in these collieries is not a 'workman' because, according to him, he is not 'employed in any industry' as required by Section 2(s) of the Act.

Shri S. S. Mukherjee's argument was that doctors in these collieries are employed "by" the industry and not "in" the industry; that doctors are employed to work in the hospital of the collieries which according to him was a separate establishment, without which the collieries could be run and, therefore, doctors cannot be said to work in the industry, namely, the coal mining industry. Shri Mukherjee, argued that doctors are employed by the industrial establishment, namely the hospital of the collieries and not in the industry of coal mining. In support of this argument, Shri Mukherjee has relied upon the decision of the Industrial Court, Bombay, (late Shri S. H. Naik, Member) in the case of Bai Ganwanti Asirwad and others Vs. Ahmedabad Manufacturing and Calico Mills, (1955-56) 9 F.J.R., page 97. The facts of that case were that the management of certain textile mills at Ahmedabad also maintained a hospital outside the mill premises mainly for the benefit of their employees in the textile mills and other industries managed by them. The working hours and leave and other regulations of the hospital were different from those of the textile mills. On a claim by the employees of the hospital for dearness allowance at the same rate as for the textile works, it was held,

"an employer may have different undertakings in different industries which have no concern with each other and merely because the employer is common to the different undertakings it does not follow that the employees in one undertaking are entitled to the benefit of service conditions of the employees in another undertaking. The purpose for which a textile mill is run and for which a hospital is run are quite different and their activities are different towards different ends. The textile mill could carry on its business without the existence of the hospital. Therefore, the hospital cannot be considered a part of the textile mill and the employees of the hospital cannot claim the benefit to which the textile workers are entitled."

12. In my opinion, that case can easily be distinguished from the facts of the instant case. Here, the hospital is not being run as a separate establishment, outside the area of those collieries. The hospital in the Ahmedabad case was run for the benefit of not only the workmen of the textile mill concerned, but of other industries managed by them. The other industries had no connection with the textile mills. That hospital was run outside the Mill premises, whilst here the hospital in which the doctors work is situated in the colliery area and it is not denied that the hospital exists for the sole benefit of the employees of those collieries. The hospital is run by the company—the Bhowra Kankanee Collieries Limited, which owns these coal mines. The wages of the employees in the hospital who are direct employees of the Bhowra Kankanee Collieries Limited have also been fixed by the Majumdar Award. The hospital is run to look after the miners when they are ill and sick or they suffer an injury during the course of their work in the coal mines. Thus, the running of the hospital is a part of the welfare activities of the collieries. It cannot be denied that this welfare activity has a bearing on the production of coal in the mines, as a healthy and well looked after labour force would certainly produce more and reduce absenteeism. I am therefore, not prepared to hold that the running of the hospital in the colliery area for the miners and other employees of the collieries is an activity so disconnected with the industry as to be considered a separate establishment. Besides, it is not denied that all the workmen working in the hospital are direct employees of the company that owns the collieries.

13. I am also not impressed by Shri Mukherjee's contention that in order to come within the definition of the term 'workman', the person employed must work in the industry in the sense in which Shri Mukherjee means i.e. that he must be actually employed in the production side of the industry, in the present instance, of doing coal mining work. If this were so, then a large section of the employees in the industry who may not be actively connected with the work of extraction of coal such as clerks, manual workers in the colliery's office and other employees of the hospital would have to be excluded. In my opinion, the expression 'in the industry' in section 2(s) is used in the sense that there should be a relationship of employer and employee, between the particular person and the employer who owns the particular industry, for work connected with the particular industry. The word 'in' in my opinion has to be given the meaning of the word 'by'. The definition of the term 'industry' contained in Section 2(J) would also support such an interpretation. Shri Mukherjee's argument would seem to suggest that these doctors are employed not 'in' the industry but by the hospital. But the hospital is owned by the owners of these 3 collieries, namely the Bhowra Kankanee Collieries Limited and is not a separate business establishment, as appears to have been the case in the Ahmedabad case.

14. For these reasons I reject the contentions of the management and hold that doctors are 'workmen' as defined by Section 2(s) of the Industrial Disputes Act 1947 (XIV of 1947) and are employed in the industry and therefore the demand for festival holidays—which is a demand relating to the terms of employment or conditions of service of these doctors—is an industrial dispute. The reference is thus a valid reference and I have jurisdiction to entertain the same.

15. It is next contended by the management that this dispute is not competent as the Majumdar Award by which doctors were held not to be workmen as defined by Section 2(s) of the Act is still in force. In my opinion there is no substance in this contention as the Majumdar Tribunal's decision was based on the old definition of the term 'workman' contained in Section 2(s) of the Act, before its amendment by the Industrial Disputes (Amendment and Miscellaneous Provisions) Act, 1956, which came into force in September 1956 after the Majumdar Tribunal gave its award. The doctors claim that under the amended definition of Section 2(s) they are workmen and they cannot be denied the right of claiming to be workmen conferred by the amending Act. The decision of the Majumdar Tribunal that doctors are not workmen cannot be binding on the doctors after the amendment to Section 2(s) made by the Amending Act of 1956. I, therefore, reject this contention of the management.

16. I now proceed to deal with the demand on its merits. The facts of the case are that the Bhowra Amlabad and Pootki collieries were taken over by Messrs. Bhowra Kankanee Collieries Limited from their former owners, the East Indian Coal Co. Ltd., on 1st January 1955. The workmen of these collieries had then raised an industrial dispute claiming benefit of continuity of service and

for an undertaking that their service conditions and other facilities which they were enjoying under the old management should be guaranteed by the new owners and a settlement was entered into on 14th January 1955 before the Conciliation Officer under which the present management conceded those demands, except for the liability for pension which was agreed to be that of the old employees. It appears that the previous owners of these collieries used to pay the doctors of these collieries for working on 26th January (Republic Day) and 15th August (Independence Day) an extra day's wages. As is established by the evidence of Dr. Somnath Biswas (W.W. 1), the Medical Officer of the Bhowra Colliery, this practice was continued by the present owners but was stopped after the Majumdar Award was published on the ground that that award held that doctors are not workmen. Since then the doctors employed in these collieries are not being paid any thing extra for working on any of the festival holidays. It appears that thereafter, the doctors in these collieries addressed a representation to the management on 31st October 1956 (Exhibit W-C) in which *inter alia*, they stated that when these collieries were transferred to the present management on 1st January 1955 they were assured that their conditions of service with the old owners would remain unchanged under the new management, and that the management had not acted fairly in stopping the payment of extra wages for working on the paid festival holidays which the previous owners were granting them. They also claimed festival holidays like other workmen or extra wages if they are made to work on any of these festival holidays. The management did not grant their request and thereupon an industrial dispute was raised which was taken up in conciliation. The Conciliator appears to have suggested to the management that they should continue the old practice of paying the doctors the extra remuneration which they were getting for working on Republic Day and Independence Day, but the management did not accept this suggestion, and conciliation having failed on this particular demand the conciliation Officer made his failure report (Exhibit W-B) dated 17th October 1958, after which Government made this reference. It may be stated that all the 5 doctors employed in these collieries are members of the Colliery Mazdoor Sangh a registered trade union of the workmen in their collieries which has raised this dispute.

17. Shri D. L. Sen Gupta, the learned Advocate for the Union in support of the demand for 7 festival holidays for the doctors, the same as the other workmen in the collieries are enjoying under the Majumdar Award, has argued that there should not be two sets of rules in respect of festival holidays for different groups of employees in the same collieries namely the workers and the staff on the one hand and the doctors on the other. He has argued that it is not in consonance with social justice to make this differentiation and he has urged that doctors like the other workmen are entitled on the same grounds on which workmen are granted holidays to the same number of paid festival holidays as the other workmen enjoy. The management on the other hand has argued that doctors like certain other essential categories of workers in the coal mines, must work also on festival holidays and attend to the patients in the hospital of the collieries. Shri Sen Gupta was, however, prepared to give an undertaking that if these doctors were granted the 7 paid festival holidays in the year which the other workers enjoy, the doctors would not avail themselves of any of these holidays if the management would undertake to pay them at overtime rates for working on those festival holidays. But the management was not prepared to give such an undertaking, but on the other hand argued that under the terms of reference this Tribunal has no jurisdiction to grant the alternative relief of extra wages to doctors for working on festival holidays, as under the terms of this reference the only question referred to the Tribunal is whether the doctors in these collieries should be granted festival holidays and if so on which days. Shri Sen Gupta on the other hand argued that the alternative relief could be granted under Section 10(4) of the Act, as incidental to the subject matter of the dispute.

18. Shri S. S. Mukherjee for the management in opposing this submission, has relied upon a recent judgment dated 19th March 1959 of the Calcutta High Court (His Lordship Justice Shri P. B. Mukherjee) in Civil Rule No. 2477 of 1956 (Bengal Coal Co Ltd and 2 others—Petitioners Vs. the Labour Appellate Tribunal of India and 32 others—Respondents). That was an application under Article 226 of the Constitution of India against the decision of the Labour Appellate Tribunal, Calcutta, dated 20th June 1956 confirming the award of the Central Government Industrial Tribunal, Dhanbad, under which, on a question whether "the workmen should receive full pay and allowances for the holidays on Independence Day and Republic Day in future", the Tribunal after awarding those two holidays with pay, *inter alia*, further directed that for working on these festival holidays the

workmen should be paid at three times their normal rates if they worked underground and two and a half times their normal rates if they worked on the surface. This direction was confirmed by a Bench of the Labour Appellate Tribunal of India, which held that the Tribunal had jurisdiction to give this direction under Section 10(4) of the Industrial Disputes Act as it was a matter 'incidental to' the demand for paid festival holidays. His Lordship Justice Shri P. B. Mukherji after referring to two earlier reported decisions of the Calcutta High Court in the cases of the workmen of the Bengal Electric Lamp Works Ltd. Vs. Bengal Electric Lamp Works Ltd. (62 C.W.B. 219) and Hukumchand Jute Mills Ltd. Vs. Labour Appellate Tribunal of India (63 C.W.N. 141) held that as the demand for rates of payment for working on festival holidays was not a subject matter covered by the terms of the reference or by stretching the meaning of the words, "matters incidental thereto" appearing in Section 10(4) of the Industrial Disputes Act. His Lordship in his judgment observed:—

"They were not incidental matters. In fact, there was no industrial dispute whatever between the workmen and the employer on the question that if the workmen worked on those holidays then, what should be their rates of pay. There being no industrial dispute it could not be a matter incidental thereto."

His Lordship therefore made the rule absolute and set aside the award of the Industrial Tribunal and the decision of the Labour Appellate Tribunal as far as they covered the directions regarding rates of pay for working on the two paid holidays awarded by the Tribunal.

19. In this dispute also the dispute referred to this Tribunal is with regard to the grant of festival holidays and there is no reference as to what should be the rate of payment for working on festival holidays and under the judgment of the Calcutta High Court, I would have no jurisdiction to entertain such a demand as "incidental thereto" under Section 10(4) of the Act.

20. It appears to me that from the beginning, the dispute has not been that doctors in the collieries should be granted paid holidays on all the seven days on which the other workers in the collieries enjoy the same, but rather that for working on days which are observed as paid festival holidays in the collieries, the doctors should be compensated by being paid some additional remuneration for each festival holiday on which they work. But as I have stated the question of the rates of pay for working on holidays has not been referred to me and under the judgment of the Calcutta High Court referred to earlier, I would have no jurisdiction to grant this relief as incidental to the demand for paid holidays under Section 10(4) of the Act.

21. Considering the nature of their duties, it is not possible to grant doctors paid holidays, as the other workers enjoy. The sick and the ailing must receive attention even on National and Festival holidays. The Union has not established that there is a practice in the coal industry of granting doctors full day's holiday on National or Festival holidays. That does not appear to be the practice in Government service either where it appears that even on holidays doctors attend to the indoor and outdoor patients at least once and a certain number of doctors have to be available for an emergency. In fact, Shri Sen Gupta in making the offer that doctors would undertake not to enjoy any of these seven holidays if they were paid additional wages for working on those days, virtually conceded that doctors by the very nature of their calling cannot claim National or Festival holidays.

22. In the result the demand for paid holidays for doctors is rejected.

23. No order as to costs.

SALIM M. MERCHANT,

Presiding Officer,

Central Government Industrial Tribunal, Dhanbad.

DHANBAD;

The 11th December, 1959.

ORDER

New Delhi, the 16th December 1959
